

src/LocalSports/header  
/security\_layer.h

```
graph TD; A["src/LocalSports/header /security_layer.h"] --> B["cstddef"]; A --> C["string"];
```

The diagram illustrates the dependencies of the header file `src/LocalSports/header/security_layer.h`. Two blue arrows point from the header file box to the `cstddef` and `string` boxes, indicating that the header file includes these standard library headers.

cstddef

string
